Total population –189+181=370

Total number of adolescent-14

Before Intervention:-

Nuabaga village is situated under the Nuabaga panchayat. Though the residents of this village is aware enough still there is some people who are doing some illegal things like child marriage etc. This story line is based on the similar problem; child marriage.

JASMIN BEHERA is a girl, age 16.5 years, studying in +2 1st years. She is the only daughter in three sons of DHANESWAR BEHERA and BHANUMATI BEHERA, Dhaneswar is the peon of Nuabaga Grampanchayat office and Bhanumati is the homemaker of their home. Jasmine's two elder brothers got married and live separately and had broken every relationship with them. Losing his sons is like losing his two arms for Dhaneswar, in this critical situation Dhaneswar was desperate about her daughter's future that he intentionally trying to marry her off to a good family. Then after few days Jasmine's father found a suitable partner for her although Jasmine was still under the age of marriage yet he decided to marry her off without her concern.

After Intervention:-

Then from the various sources our Ganeswar club's member **Matuta Kumar Sahu** herd about the news and went to rescue, then informed to CHILDLINE of Dhenkanal, their team came to her home with our staff, then after the long process of consolations Jasmine's parents and her father in laws were agreed and postponed her marriage to further years until she reached 21 age.

This might be small act by our organization but its impact is immensely appreciated by everyone. Jasmine is now fully committed towards her studies and her career without any fear of marriage.
